**Thursday, 5th September, 2019 - Term 3 Week 7**

Dear Parents / Caregivers,

There is so much going on at Prairievale as we head to the end of term 3. Please make sure you read the calender at the end of this newsletter.

There is a huge amount of lost property on the veranda in Area A. If your child has lost a jumper, jacket or hat please check in there for your lost items. Clothing items can be returned if they have a name clearly written in them.

It was wonderful to see our staff and students dressing up for the book week parade and embracing the theme of 'Reading is my Secret Power'.

I have been very excited to see students bringing their wonderful work to show me in my office. I am very proud of the effort that is being put into their work.

Finally, I will be taking leave for the last 3 weeks of term and Mrs Sweeney will be stepping into my role. Miss Rebeiro will be stepping up as Assistant Principal for stage 3 and we welcome Mrs Dayoub as an Instructional Leader to replace Mrs Borg.

**SADLY—We have a growing number of children not being picked up on time in the afternoon. I encourage everyone to make an effort to collect your children on time.**

Mrs Challenor

## Science and technology

Planning and conducting scientific investigations to answer testable questions to collect and summarise data to communicate conclusions.

My favourite is a hamburger.  
My shell is the warm hot  
buns, that protects and holds the  
whole burger together so that it doesn't  
fall apart.  
My eyes is the purple and round onions,  
that gives the burger lots of  
delicious flavor.  
Always is the slippery cheese.

Experimenting and using aspects of learning to enhance learning and enjoyment.

Evaluating and discussing text content.

# Leadership report August 2019

This month was a crazy month for Prairievale Public School! First of all, we had the Book Week parade for 2019! This year's motto was 'Reading Is my Secret Power.' Each class chose a person with the best costume to win a book prize at the parade. Alongside the parade, we also had a guessing competition where you had to guess a teacher's favourite book by a photo that linked with the specific book.

Mrs Challenor has been working hard to upgrade our school's technology. First of all, we have new iPads ordered and technology we received after Ms Alderson won for our school the T4L Award! The T4L Award is one out of 10 awards given to schools all across New South Wales for innovative use of technology-some of us leaders were involved in creating the work that won the award. The SRC has worked with Mrs Challenor to fill up the soap dispensers and Mrs Neilsen is planning to decorate the toilets with quotes. Our SRC also has worked with the canteen to ban plastic straws.

The Year 6 are going to have a Guessing competition set up in Area A! 3 jars will be placed down and will be filled with multiple sweets. You'll have to guess the amount inside the jar. Each guess will cost 50 cents and 3 guesses will be 1 dollar! The money raised will help out with the year 6 farewell and gift for the school. If you guess correctly, you'll have the chance to win a jar or multiple jars of sweets!

When things go wrong, resilience is what helps you to cope and get through hard times. This involves staying positive, thinking before you act, knowing the rules and following them, thinking of others' feelings, learning from your mistakes and solving problems peacefully.

# **Make sure you BOUNCE BACK**

B – Bad times don't last, and things get better.

O – Other people can only help if you share with them.

U – Unhelpful thinking only makes you feel worse.

N – Nobody is perfect – not you, not your friends, not your family, not anybody!

C – Concentrate on the good things in life, no matter how small.

E – Everybody suffers, everybody feels pain and experiences setbacks; they are a normal part of life.

B – Blame fairly – negative events are often a combination of things you did, things others did, and plain bad luck.

A – Accept what you can't change and try to change what you can.

C – Catastrophizing makes things worse – don't fall prey to believing in the worst interpretation.

K – Keep things in perspective.

**Even the worst moment is but one moment in life.**

Until next month,

Kimi and Mahreen
